OF 2000

Editor's Note

During the course of our lives, numerous opportunities are presented. One of my most cherished memories is having been selected to serve as yearbook editor for the 1999-2000 academic year. Serving as editor and working on various newspaper committees since high school has taught me to work with diverse groups of students and staff.

First, I would like to thank Dr. Smith, yearbook advisor, and Ms. Fields, co-advisor, for overseeing this project. I would also like to express my sincere appreciation and gratitude to Crystal Williams, my co-editor for her untiring participation and constant words of encouragement.

Many thanks to the entire yearbook staff, and to Mr. de la Houssaye for helping with the designs. A special thanks to Kino for serving as a volunteer on the committee.

A special thanks to my professors, Mr. Dave, Mr. Brown, Mr. Parker, Mr. Dargen, and Dr. Watson for their guidance. To my advisors, Dr. Mason, Ms. Palmer, Ms. Alexander, Ms. Sims, and Mr. Downing, thank you again for your contributions and encouragement.

My special appreciation to: Ms. Twitty, Ms. Grimes, Mr. Bullock, Ms. Roland, Ms. Boddie, and Mr. Carrington, dedicated staff members who contributed their support and assistance.

I would also like to thank Dr. Miller, Dr. Suber, and Dr. Watt for their guidance in making our project a success, and a special salute to my mother for believing in me.

The theme, "A Time To Remember," is appropriate because we are approaching a new Millennium. As we embark on a new beginning, let us continue to encourage, love, and support each other, and most of all, remember to be thankful for our blessings.

Peace and Love to All,
Remedios "Skittle" Grier

THE FIRST LADY FALCON DR. DIANNE B. SUBER, PRESIDENT:

Office of the President

Congratulations to the Graduating Class of 2000!

As you go about the task of setting the priorities of your lives –
Keep in mind that a hundred years from now:

It will not matter how much money you made, or what kind of car
You drove, or the sort of house you lived in.

*It will only matter that you left this world a better place for those
Who came after you.*

Carry the St. Augustine's College legacy in your heart throughout
Your lives and **you will make a difference**

I consider myself blessed to have known you.

With kindest regards

A handwritten signature in cursive script that reads "Dianne Boardley Suber".

MR. A. MELVIN MILLER, INTERIM PRESIDENT

Office of the President

Congratulations to the graduating Class of 2000!

Even though as Interim President, I did not spend much time with you during your matriculation, I am extremely proud of your accomplishment.

Do not ever forget the foundation that was laid for you at Saint Augustine's College -- for the success of your future. Also, do not be fooled for one minute into thinking the road from this point on will be easy. It will be difficult, yet rewarding. Arthur Ashe, the great black tennis champion stated that, "to achieve greatness; start where you are, use what you have, and do what you can."

Keep focused and remember you are our future. And, it is up to you to make that difference.

May God give you strength and continue to bless you, throughout your life!

Sincerely,

A handwritten signature in cursive script that reads "A. Melvin Miller".

A woman of intergrity, A woman of love, A woman who is worthy of the treasures from above.

A woman who is genuine, A leader in every way. God said, "I'll make a woman..." I'll call her AKA.

ΣΓΡ

And so it was written God began his world with design and on each new creation he sealed it with a sign, for six days he labored and made woman, alpha kappa alpha, delta sigma theta, and zeta phi beta. He revealed that he was the alpha and the omega, the beginning and the end . and all that in between- the kappa , iota, and the sigma. When he finished on the seventh day, he dawned his last creation; his best design. from the sky he grasped two gold STARS for her eyes, and from the royal blue sea ICE COLD blood pierced through her veins, and from every shore, sand completed her perfect score. God thought in 1922, the epitome of womanhood was finally through. With nothing else to do and no where to go he had finally made.... SIGMA GAMMA RHO.

My Brother (an insert)

For my true brother is my subconscious keeper, no worries, no fears, no doubts, keeps the dream sweeter and sweeter.

Always three steps ahead of the game because the Lord is in our favor
KAPPA ALPHA PSI WILL NEVER DIE because Jesus is our Savior.

Time charts from 11-to-99 achievement still exists for the communion of mankind.

Who will step up and join my brother in unity? Many will come but few are chosen and that's just how it will be,

For in the Bible it says one will be at work and one will be left out. A brother in the bond will always be kept.

A Zeta is a woman of high stature, while all the others fall in her shadow.
A Zeta is a woman of power, style and grace; only a select few have seen this place.
A Zeta is a woman of Beauty and who is full of content, the Alphas, Kappas, and Ques can't get enough of it.
A Zeta is a woman who's heart is white and bleeds blue. When God made her, he knew exactly what to do.
A Zeta is a woman who processes leadership, respect, and dignity, to her brothers of Phi Beta Sigma, she will always have plenty.

STUDENT SERVICE CORPS LEARN TO SERVE SERVE TO LEARN

One of the tenets of Saint Augustine's College is that the education of students should include a service component. Students should be taught that in providing volunteer service, they learn, grow, enhance their citizenship, enrich the campus, improve the community, and experience the exhilaration of helping to make life better for others. The Student Service Corps (SSC) was established to address the vision of service in a tangible way and to prepare students with the skills needed to serve. There are three categories in the Student Service Corps: Student Associates (freshmen), Student Ambassadors (sophomores, juniors & seniors), and Presidential Ambassadors (sophomores, juniors & seniors who maintain a 3.65 GPA).

WORDS OF WISDOM

“Everybody is inclined to set goals in life, but not everyone actually achieves their goals, but you have. Congratulations. I would challenge you as you venture out into the new millennium not to be consumed with the illusion that simply acquiring things will make you happy. The quality of your life will be determined by the quality of your relationships. So be a genuine friend to someone and your life will be enriched.”

Dr. James Seymour

“Set your goals high and you can achieve anything.”

Dr. Ramesh K. Mathur

“Remember this as you go into the world. ‘A real friend is one who walks in when the rest of the world walks out.’”

Walter Winchell

Mrs. Renee Phillips

*“To the Class of 2000
There are still many bridges to cross and mountains to climb. Proceed with integrity. Avoid haste and waste. It is not important that you finish first, but that you finish best.”*

REASONABLY SPEAKING

It's that time of the year

It's that time of the year
when graduation is almost near.
It's that time of the year
when we all think of the past,
present and future that we share.

It's that time of the year
when we think of all the things
we've done together and for each other.
It's that time of the year
when tears, hugs, and kisses
say how much we will miss each other.

It's that time of the year
when God blesses us and makes the way for
us to graduate on our special day.
It's that time of the year
when dreams come alive and faith
gives us great hope for the future.

POINTS *of* VIEW

“On behalf of the faculty members of the Department of English and Communications, I wish to sincerely congratulate you on your graduation. You are particularly special because you are among the first graduates of the 2000s. This makes you trailblazers; therefore, use this enviable privilege to set examples worthy of emulation. We hope that, during your period of preparation with us, we taught you, among other things, how to be lifelong learners, how to exploit your potential to the fullest, how to take responsibilities for their actions, how to appreciate and respect others for what they are, and how to be helpful at all times. As you enter the real world, you go with our best wishes and with God’s blessings. Good luck and congratulations!”

Dr. Frederick C. Jones,
Head, Department of English and Communications

“The faculty and staff of the Academic Achievers Program extend our congratulations to the members of the graduating class of 2000. We extend a special note of congratulations to those graduates who participated in the Academic Achievers Program. Best wishes for continued success to you all.”

Mr. Odell Watson, Director
Academic Achievers Program

“I would like to wish that you take your life seriously and remember this simple idea to help guide you: Think hard at the start of what you choose to do in life. If you make the right choices, regardless of your efforts, it is difficult to fail. If you make the right choices, regardless of your efforts, it can be impossible to succeed. Good Luck!”

Dr. Alfred de la Houssaye,
Department of Visual and Performing Arts

“I offer my congratulations to the Class of 2000. Graduating from college is no easy matter, so your diligence in the face of difficulty, frustration, and occasional uncertainty is something that each of you may justifiably take pride. More importantly, you have set an example for other young people for the coming century. Along with my congratulations, however, I issue you two challenges — never stop working on your own education because it is far from complete, and encourage other people to follow in your footsteps. I think you will find responding to both will provide you with a lifetime of satisfaction. Congratulations again, and Good Luck.

Dr. John J. Little, Head
Department of History
